Grades 1, 3 and 5 does the first two themed lessons: “Check First” and “Take a Friend”.

In this way, children receive all four reminders every other year with a developmentally deeper understanding. The DVD may be used to introduce and/or conclude the lessons. It is probably most age-appropriate for Grades 1, 2 and 3.

The lessons may be taught in two shorter time segments or combined into one 50 – 80 minute session.

Grade 7 does “Level I Middle School” lessons.

Grade 8 does “Level II Middle School” lessons.

Real-World Safety lesson involves mostly discussion.

Internet Safety lesson includes vignettes on archdiocesan DVD included with materials.

“You Can’t Take it Back” and “Broken Friendship” are found in the “Cyberbullying” track of the DVD.

Grade 9 or Youth Ministry Supplemental Materials: Diocese of Orange: Breaking the Silence

This is best suited as an introduction to Fr. McGlone’s “Creating Safe and Sacred Places” at the 9th grade level or if Fr. McGlone’s materials are used in 9th and 10th grade, this would be well-suited for youth ministry programs.

An archdiocesan lesson plan is included with materials. There are suggestions for teens and also suggestions for parents, if separate gatherings are planned.

An optional suggestion is to use the “Know the Rules” pamphlet from NCMEC. You may order 50 free brochures online at: www.missingkids.com (item # 54) or download it and copy it at your site.

High School Curricula Using Fr. McGlone’s “Creating Safe and Sacred Places”

Creating Safe and Sacred Places continues to be the primary text.

Activities from sessions 5, 6, 7, and 8 may be used to create 2, one-hour sessions per year per grade. Some sites are using the “Prayer Service of Reconciliation and Rededication” (pages 152 – 156) for intergenerational experiences or for parent programs.
